

## ICAR-Indian Institute of Soil Science celebrated Agricultural Education Day

To commemorate the birthday of Dr. Rajendra Prasad, first Indian union agriculture minister and the first President of Independent India, Agricultural Education Day is celebrated on 3<sup>rd</sup> December in our country.

On this occasion, the ICAR-Indian Institute of Soil Science celebrated the Agricultural Education Day through participation of school and college students. Awareness program on soil health was conducted by the Institute scientists among school students (100 plus) at Sardar Patel School, Bhopal. Farm visits, scientist-student interaction and quiz competition were organized on this occasion. Later an exposure visit cum expert session on Soil Health for Sustaining Soil Productivity was organized with participation of college students of BSSS, Bhopal (50 students and 3 faculties) at the institute campus of ICAR-IISS.
